Breaking it down, plain and simple

If you have a tough time understanding dental coverage, you're not alone. We've simplified the most important facts with an easy-to-follow breakdown on what you need to know about selecting dental coverage, and the benefits you receive as a dental plan member.

Choose a comprehensive Dental PPO or Dental HMO plan, or an affordable Value SmileSM PPO* plan. In addition, we also offer a dental and vision plan package – Specialty Duo^{SM,*} – that includes comprehensive dental and vision coverage to give you the extra protection that your teeth and eyes deserve. These dental plans are now available to people of all ages living in California.†

Healthy teeth and eyes, healthy body

Did you know?

More than 90% of all common diseases have oral symptoms?¹

During a dental exam, your dentist will check your teeth and gums for cavities, gum disease, and other health problems. So when you keep your teeth healthy, you're also helping to keep your body healthy.

Did you know?

Eye exams can often detect serious chronic conditions such as diabetes, hypertension, and high cholesterol?²

Routine eye exams can help detect both eye and systemic health problems. When detected early, many serious health conditions can be managed more effectively – with less costly treatments and a better chance for a healthy outcome.

Whether you need treatment or just want preventive care, it's never too late to get dental or combined dental + vision coverage to help maintain your overall health.

* Underwritten by Blue Shield of California Life & Health Insurance Company (Blue Shield Life). This plan is pending regulatory approval.

3 **Ease of doing business**

Blue Shield can be your single-source provider for medical and dental, or medical, dental + vision coverage.

* Underwritten by Blue Shield of California Life & Health Insurance Company (Blue Shield Life). This plan is pending regulatory approval.

3 To qualify for a dental plan or Specialty Duo package, you must be a California resident. If you had a Blue Shield individual and family dental plan or dental + vision package cancelled, you must wait six months from the date of cancellation before you can reapply.

4 Dental providers in California are available through a contracted dental plan administrator. Vision providers in California are available through the contracted vision plan administrator.

5 For the Specialty Duo Dental and Dental PPO plan, the following waiting periods apply: three-month waiting period for minor restorative services and procedures (such as fillings), endodontics, periodontics, and oral surgery; 12-month waiting period for major restorative services (such as crowns), orthodontics, and removable and fixed prosthetics. For the Dental HMO plan, there is a 12-month waiting period for orthodontics.

Dental Plan and Dental + Vision Package Application

This form is to be used by applicants applying for a Blue Shield dental plan or dental + vision package.
 For applicants with no Blue Shield coverage, please complete the entire form.
 For applicants with existing Blue Shield coverage, please complete the shaded area of the form.

You are eligible for any Individual & Family (IFP) dental plan or dental + vision package if you are a California resident at the time of enrollment. If you had a Blue Shield Individual & Family dental plan cancelled for any reason (by yourself or by Blue Shield), you must wait 6 months from the date of cancellation before you can reapply, unless there is no lapse in coverage between Blue Shield dental plans. Blue Shield will not approve concurrent enrollment in two Blue Shield IFP dental plans or dental + vision packages. If you enroll in any HIPAA Guaranteed Issue plan, you are not eligible for dental plan or dental + vision package.
